# BEYOND LUCID

MEDIVIEW & MV-OPTIQ ePCR

- **MEDIVIEW**: Online-offline charting. **MV-OPTIQ**: Charting on your phone.

- **911 charts in as little as 5 MINUTES.** Discrete data Interface with Pulsara. "Virtually nonexistent" billing claims.

- **Agency customizable:** Formulary, validation rules, and procedure lists. Integrate CAD & ECG. Social Drivers of Health for CP/MIH. Rich CQI/QA. Critical Care for both ground and air.

MEDIVIEW BEACON Prehospital H.I.E.

- Only system that shares NEMSIS data with hospitals and public HIEs as discrete, consumable HL7 data. — *Includes ESO, ImageTrend & Zoll.*

- **Hospitals & multi-region EMS**: See every transport on a single screen.

- **CP/MIH:** Meets HIPAA, 42 CFR Pt 2, and FERPA compliant for programs focused on kids and mental health.

WE SPECIALIZE IN THE DESIGN OF **FINANICALLY SUSTAINABLE, R.O.I.-POSITIVE** COMMUNITY PARAMEDICINE MODELS. • **70% SUCCESS RATE** WINNING MULTI-MILLION DOLLAR FEDERAL GRANT AWARDS FOR POST-CRASH CARE & CP/MIH.

As of 12/31/2024

BEYOND LUCID

MEDIVIEW S.H.I.N.E. Registry & The R.U.S.H. Initiative

ProjectBRUCE

- **Real-time access to data about high-risk community members.** Used by 70+ Fire, EMS & Public Safety services across entire states. Featured in several USDOT grants.

- "Rare & Under-Served Health." Our specialty care registry shares data with a hospital's EHR while EMS is en route. Cost as low as $1 per month. **Generously supported by the AWS Health Equity Initiative.**

- **Stigma to zero:** Team members no longer have to raise hands for help.

- **Alert leaders to risks of PTSI and burnout.** Reduce costs related to worker's comp, burnout & turnover. Layer analytics onto any ePCR.

- To date, we have protected 6000+ Fire & EMS personnel across Calif., Texas, South Carolina & Vermont.
